

1990 COUNTY BLOCK MAP (RECREATED): LINCOLN County

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.
1 A "false MCD" is indicated by a dashed line which indicates that the place is also a false MCD; the false MCD name is not shown.
2 In 1990, the crews-of-vessels population of ships at sea was allocated to the Census Tracts in which the ships were registered. These maps show very small areas located as a census tract with the census tract number shown near the area.
3 A "*" following a block number indicates that the block number is repeated elsewhere in the block.
